## PRODUCT DISCLAIMER

The installation of products sold or manufactured by High Lifter Products, Inc. including, but not limited to suspension components such as IHV kits, gear reduction kits, track and trailer kits, in-axles, and tires that exceed the original specifications for the vehicle, may change the vehicle's center of gravity and handling characteristics both on- and off-road. You are aware that the installation of tires that are larger than original vehicle specifications may reduce the effectiveness of the braking system. Use of these products may place added stress to the original factory-installed components which could cause them to break or possibly fail.

Products sold or manufactured by High Lifter Products, Inc. are intended for off-road use only. Operation of a vehicle modified with these products on a road could result in serious bodily injury or death, and such operation negates the laws of your state or municipality. You agree to operate your vehicle exclusively in the manner intended by the vehicle manufacturer. You agree that failure to safely and reasonably operate your vehicle could result in serious bodily injury or death, and that, as a result of installation of this product(s) to your vehicle, you acknowledge that there is greater vehicle roll-over or loss of control, which may be more likely to occur as a result of high acceleration. This will include vehicle rollover, including sudden sharp turns or other abrupt movements, which could make a vehicle less stable; more likely. You understand that High Lifter Products, Inc. is not responsible or liable for any damage or any injuries to yourself or your passengers that could occur upon possible accidents due to driver error, incorrect installation, bad judgment, incompatibility with other after market accessories, or natural disasters to the fullest extent allowed by law.

You will have all vehicle transport factor restrictions if equipped, and wear proper safety equipment, such as DOT approved helmet and eye protective gear prior to operating the vehicle. You understand and acknowledge that failure to wear proper safety equipment may increase the risk of serious bodily injury or death to yourself and any passenger.

Proper installation of products sold or manufactured by High Lifter Products, Inc. requires knowledge of the factory recommended procedures for removal and installation of original equipment components. Installation of these products without proper knowledge and experience may affect the performance of these components and the safety of the vehicle and cause serious bodily injury or death. It is strongly recommended that a certified mechanic familiar with the function of trailer components perform the properly installation.

Prior to installing any products sold or manufactured by High Lifter Products, Inc., you will perform or cause to be performed an inspection of the vehicle's condition to determine suitability for the installation of these products. A proper inspection of the vehicle includes, confirming that the vehicle has not been in a collision and is free of corrosion. If the vehicle is suspected to have been in a collision or damaged, or is otherwise unsuitable for modification, you will not install the product(s). You will continue to inspect the vehicle periodically and use common sense to determine its functional use, and you acknowledge that the failure to do so may result in serious bodily injury or death, as well as damage to the vehicle itself.

You will familiarize yourself with the practice as it may be previously used by yourself and all passengers. You will notify all passengers of the modifications performed to your vehicle prior to operation.

Insurance companies may handle coverage of a modified vehicle differently. Please check with your insurance vendor prior to modifying the vehicle to ensure your coverage remains sufficient.

Installation of this product(s) may void your vehicle warranty. If this is a concern, please check with the manufacturer or dealer before purchase or installation of this product(s).
